PROFESSIONAL EXPERIENCE

OBSS - Banka Kombetare Tregtare
Consultant / iOS Software Developer

April 2022 - Present
İstanbul, Turkey (Remote)

OBSS contributes to Albania's biggest Bank BKT's digital transformation by developing its iOS & Android mobile applications as well as its backend services using Java and .NET. As a member of the iOS mobile team, my expertise in iOS, Swift, and SwiftUI has been instrumental in delivering user-focused solutions for the application.

- Support BKT Mobile banking application with iOS development.
- Work with UIKit and SwiftUI, refactor many screens to SwiftUI.
- Fix critical bugs to enhance app stability and user experience.
- Develop and implement new app screens and features.
- Optimize codebase by refactoring legacy code.
- Conduct code reviews, ensuring clean code principles.
- Collaborate with teams to gather requirements and deliver solutions.

Platin Bilişim IT Security and Data Protection Services
Intern

August 2021 - September 2021
İstanbul, Turkey (Remote)

Platin Bilişim delivers end-to-end Cyber Security, Data Protection solutions as well as provides managed services and consulting for leading technology brands.

- Assisted in real-time monitoring of security systems and contributed to incident response efforts.
- Gained hands-on experience in developing secure web and mobile applications to enhance my understanding of best practices in the industry.

Hugin Retail Solutions
Intern

July 2019 - Aug 2019
İstanbul, Turkey

Hugin Retail Solutions continues the legacy of a top European cash register manufacturer, providing a wide range of modern point-of-sale (POS) equipment to markets worldwide.

- Ported POS software to Android and iOS using Xamarin framework.
- Enhanced my understanding of user interface design tailored for POS systems to improve overall user experience.
